

# Lostness in New Mexico (2014)

Data Source: Compilation of data from the Glenmary Research Center. Percentages are based on church attendance in congregations that identify as evangelical and historically emphasize a personal relationship with Christ, the inspiration of the Bible and the importance of sharing faith with non-believers. Population data is from 2010 US Census. Some counties have seen large declines in population. See Lostness and Church Reach in New Mexico document for more data.
