

The Capitol Prayer Gathering 2021

February 10, 2021, at six o'clock p.m.

an online prayer event

Scripture both teaches the absolute morals that define the Baptist Convention of New Mexico's positions on moral legislative issues and teaches that God's people must pray for those in positions of civil authority over them. To that end, New Mexico Baptists traditionally plan a prayer event at the state capitol in Santa Fe at the beginning of a legislative session. The event has several goals. First, the event prompts prayer for state leaders and legislators. Second, it mobilizes New Mexico Baptists to influence their culture through legislative impact. Third, it displays to legislators that Baptists care about them as individuals and care about the legislation they propose, debate and vote upon.

This year the COVID-19 pandemic has changed many events and activities. It has also affected the Capitol Prayer Dinner. This year, the convention's Christian Life Committee is taking the event online and rebranding it as the Capitol Prayer Gathering. Like the 2020 dinner, the 2021 gathering will focus upon prayer, by name, for legislators, state officers and other leaders.

The event is free, but requires registration. Participants may join by Zoom or by Facebook Live.
